Rescission Of Technical Guidance #TG00-001 April 21, 2004

Background: On April 7, 1999, Rule 331 was revised to include Section 308.1(a)(4), an exemption of vehicle refinishing from Rule 331. On April 21, 1999, Rule 345 (Vehicle And Mobile Equipment Coating) was revised to include Section 305.3, a requirement that dip cleaning of vehicles comply with Rule 331. Consequently, Technical Guidance #TG00-001 was created in October 2000 by the Rules Clarification Committee to clarify that, even though Rule 331 exempts vehicle refinishing, Rule 331 applies to the dip cleaning of vehicle or mobile equipment surfaces.

Conclusion: Rule 331 was revised on April 21, 2004. Revisions included moving Section 308.1(a)(4) to Section 308.5. New Section 308.5 exempts vehicle refinishing from Rule 331, but specifies that dip cleaning of mobile equipment is subject to Rule 331. With this revision, Technical Guidance #TG00-001 is hereby rescinded.
